15 **FOURTH CAUSE OF ACTION**

16 **Injunctive Relief Under California Contractor's State License Law**

17 33. Plaintiff incorporates the allegations set forth in paragraphs 1 through 8 of this
18 Complaint as though fully set forth herein.

19 34. EnLink is a licensed contractor in California within the meaning of the California
20 Contractor's State License Law, Cal. Bus. & Prof. Code § 700 et. seq. EnLink holds License No.
21 845741 with classifications C57 (Well Drilling (Water)), C20 (Warm-Air Heating, Ventilating,
22 and Air-Conditioning), and A (General Engineering Contractor).

23 35. Enlink is informed and believes and thereupon alleges that Defendant Jackson
24 Drilling is at least in violation of Cal. Bus. & Prof. Code §§ 7115 and 7117 by committing a
25 continuing violation of the California Contractor's State License Law. Among other things,
26 Defendant Jackson Drilling has bid on a contract without a license, held itself out as a contractor
27 when performing work without a license, and performed work in the name of a licensed
28

1 contractor that was not Defendant Jackson Drilling.

2 36. Under California law, any licensed contractor may seek to enjoin the continued
3 illegal activity of any entity committing a continuing violation of the California Contractor's State
4 License Law. Cal. Bus. & Prof. Code § 7028.4.

5 37. Therefore, pursuant to Section 7028.4 of the California Business and Professions
6 Code, Plaintiff seeks and is entitled to have the Court enjoin Defendant Jackson Drilling's
7 continued violations of the California Contractor's State License Law.

8 WHEREFORE, Plaintiff EnLink respectfully requests that this Court enter judgment in its
9 favor and against the Defendants and grant the following relief:

10 A. A judgment that the Defendants has infringed the '219, the '657, and the '182
11 Patents in violation of 35 U.S.C. §§ 271(a), (b), and (c);

12 B. A judgment that the Defendants' infringement of the '219, the '657, and the '182
13 Patents has been willful and deliberate;

14 C. A judgment that Defendant Jackson Drilling is in violation of Cal. Bus. & Prof.
15 Code §§ 7115 and 7117;

16 D. A permanent injunction, pursuant to 35 U.S.C. § 283, enjoining the Defendants,
17 and all persons in active concert or participation with them, from any further acts of infringement,
18 inducement of infringement, or contributory infringement of the '219, the '657, and the '182
19 Patents;

20 E. An order, pursuant to 35 U.S.C. § 284, awarding Plaintiffs damages adequate to
21 compensate Plaintiffs for Defendants' infringement of the '219, the '657, and the '551 Patents, in
22 an amount to be determined at trial, but in no event less than a reasonable royalty;

23 F. An order, pursuant to 35 U.S.C. § 284, and based on Defendants' willful and
24 deliberate infringements of the '219, the '657, and the '551 Patents, trebling all damages awarded
25 to Plaintiffs;

26 G. An order, pursuant to 35 U.S.C. § 284, awarding to Plaintiffs interest on the
27 damages and costs incurred in this action;
28

1 H. An order, pursuant to 35 U.S.C. § 285, finding that this is an exceptional case and
2 awarding to Plaintiffs any reasonable attorneys' fees incurred in this action;

3 I. An order, pursuant to California Contractor's State License Law, Cal. Bus. & Prof.
4 Code § 7028.4, enjoining Defendant Jackson Drilling from continued violations of the California
5 Contractor's State License Law; and

6 J. Such other and further relief as this Court may deem just and proper.
